How to Embed ADA Widget Pro Script On Shopify

Embed Widget · https://adawidgetpro.com/resources/how-to-embed-ada-widget-pro-script-on-shopify/

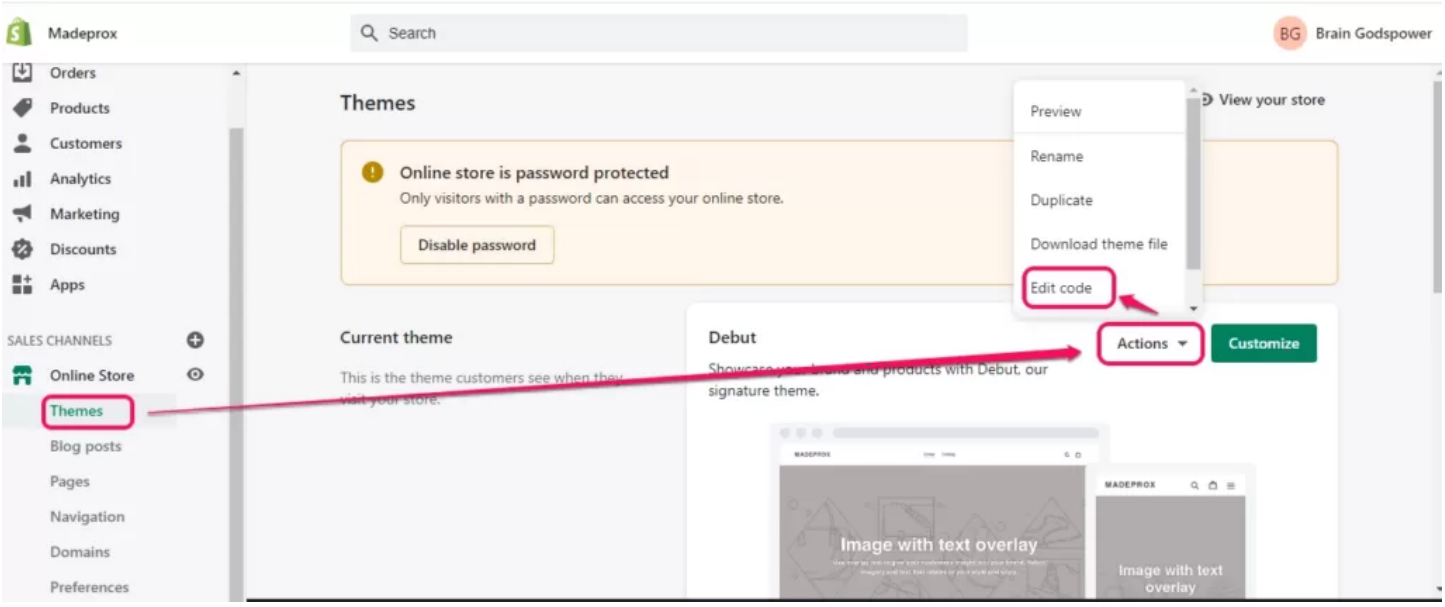

In this article, we'll walk you through the process of embedding the Adabundle script on Shopify website.

Let's get started,

Step 1: Copy your embed Code form your order email or order details.

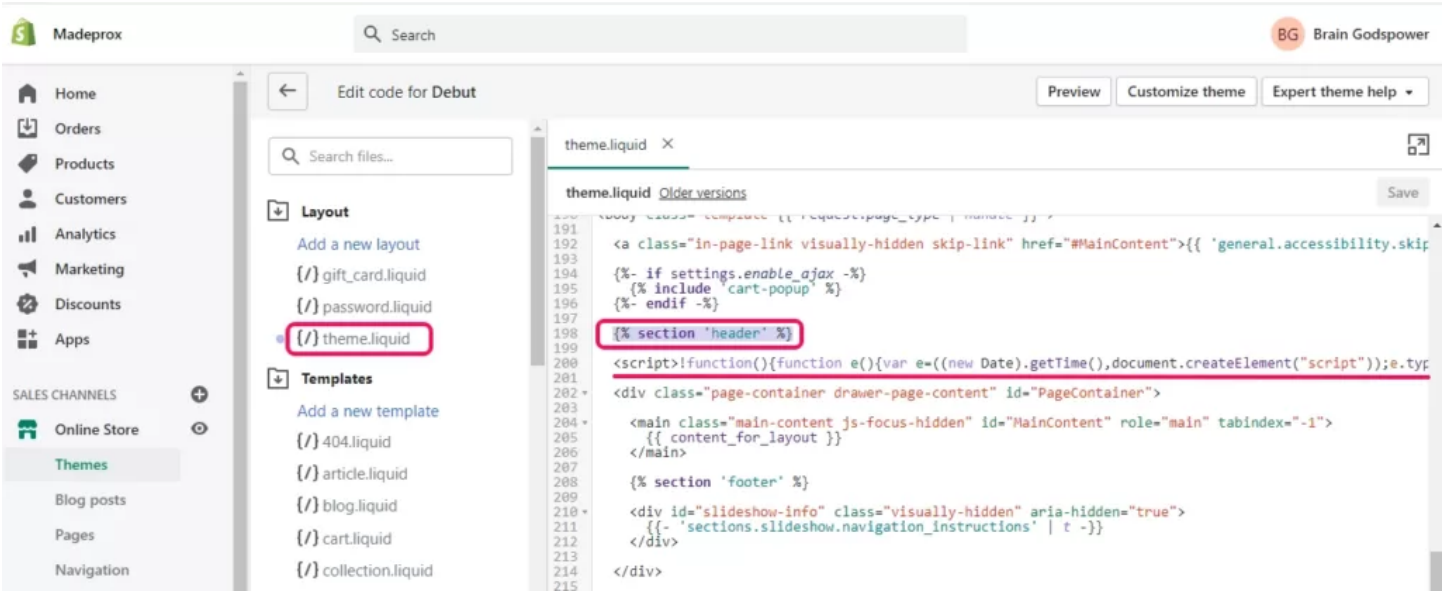

Step 2: Login to your Shopify Account

Go to Themes, click on Action and then click on Edit Code

In the Edit Code Section, Find theme.liquid file, then locate the header section. You will see a code like this {% section 'header' %}, place your cursor on the closing bracket } and click on enter twice on your keyboard.

Paste the script you copied from Ada widget pro and click on save.
